ACCESORIES

Chair Fullprint

A comfortable and durable chair with a quick folding and folding system. We made them out of a durable steel frame and a soft and durable polyester. It can withstand a load of up to 100 kg.

- folding tourist chair with an additional table
- made of a steel frame and 100% polyester upholstery
- maximum load of 100 kg

Transport cover

The cover is made of high-quality sublimated polyester or glossy varnish. Lined from the bottom with strong and good-looking eco-leather. Thanks to its waterproof properties, it also protects against rain.

- Protects against rain
- Place to place advertisements
- Eco-leather lining
- Colorful piping
- Fastened with buckles

Engine Warmer

The undersuit is made of high-quality sublimated polyester or glossy varnish. Lined from the bottom with strong and good-looking eco-leather. From the inside, a part that keeps the engine warm is made of synthetic sheepskin, which is also used for insulating footwear.

- Keeps the engine warm
- Place to place advertisements
- Eco-leather lining

Seat

The seats are made of super light foam that retains its properties and elasticity throughout the season. Upholstery made of natural nubuck in the seat area and high-quality sublimated polyester or glossy varnish. Decorative stitching and kedra complete the whole.

- 3 seat hardness
- 2 unique shapes
- 5 heights

Pit Stop Mat

The mat is made of high-quality sublimated polyester or glossy varnish. Lined from the bottom with strong and good-looking eco-leather. Absorbent part with dimensions of 160x75 cm.

- Large absorbent surface
- Place to place advertisements
- Eco-leather lining
- Colorful piping
